### Railroad Strike Virtually Ends; Strikers Return

**Job Of Moving Tied-Up Freight In Chicago Area Begun**

By JOHN HARMS  
(I. N. S. Staff Correspondent)  
WASHINGTON, Feb. 9.—The nationwide railroad strike virtually ended today under a presidential threat to fire the strikers and federal mediators renewed their efforts to reach a carrier-union agreement.

Striking switchmen streamed back to work under the spur of President Truman's order to the army which requires that all "sick" employees report for duty by 4 p.m. (EST) Saturday or be fired.

Under the directive, workers will get half of the pay boost which they received—and rejected—in the Dec. 21 agreement. The wage hike is retroactive to Oct. 1.

A union spokesman said that yardmen will get \$140, or \$125 less than the full amount granted in the agreement.

Meanwhile, Postmaster General Jesse M. Donaldson plans today to review mail restrictions still in force at such pivotal rail points as Chicago and St. Louis in the light of the back-to-work movement.

The mail ban was relaxed Wednesday at centers east and west of the Mississippi river. It was retained, however, at the two big rail hubs where tieups were especially critical.

The president posted his back-to-work-or-be-fired ultimatum because of "the interference with essential military and civilian railroad transportation," and then characterized the four operating brotherhood chiefs as a bunch of Russians.

#### Staggering Back

Chicago, Feb. 9.—Railroad switchmen, back at work under the army's get-tough policy, today tackled the staggering task of moving mountains of freight backlog in Chicago, the nation's rail hub.

Major carriers reported it will take at least 10 days to clear their yards—and then a new freight logjam will develop when long strings of cars idled by the 10-day strike begin rolling in from other terminals.

Additional thousands of cars sidetracked "on the divisions"—outside switching yards—and on belt lines are expected to increase the workload some rail spokesmen estimated it may be three weeks before operations return to normal.

The end of the "sick call" walkout brought back-to-work orders for the first of the estimated 250,000 workers still idle in railroad industries.

Relaxation of remaining mail and freight embargoes was expected today and most railroads made plans to restore as soon as possible all passenger trains they dropped because of the strike.

**Train Strikes Bus In Canada; Report Eight Persons Dead**

SUDBURY, Ont., Feb. 9.—(INS)—Eight persons were reported killed and 22 injured today when a bus loaded with homeward-bound workers was struck by a train near Sudbury in 47-degree zero weather.

Visibility was obscured severely by a morning fog caused by the extreme cold.

According to police, the bus was truck at a grade crossing by the Trans-Continental Montreal-Vancouver Express.

The bus was carrying 34 workers returning home from the night shift at the Coniston Smelters near Sudbury, a northern Ontario mining town.

**CHARLES PEARCE HURT**

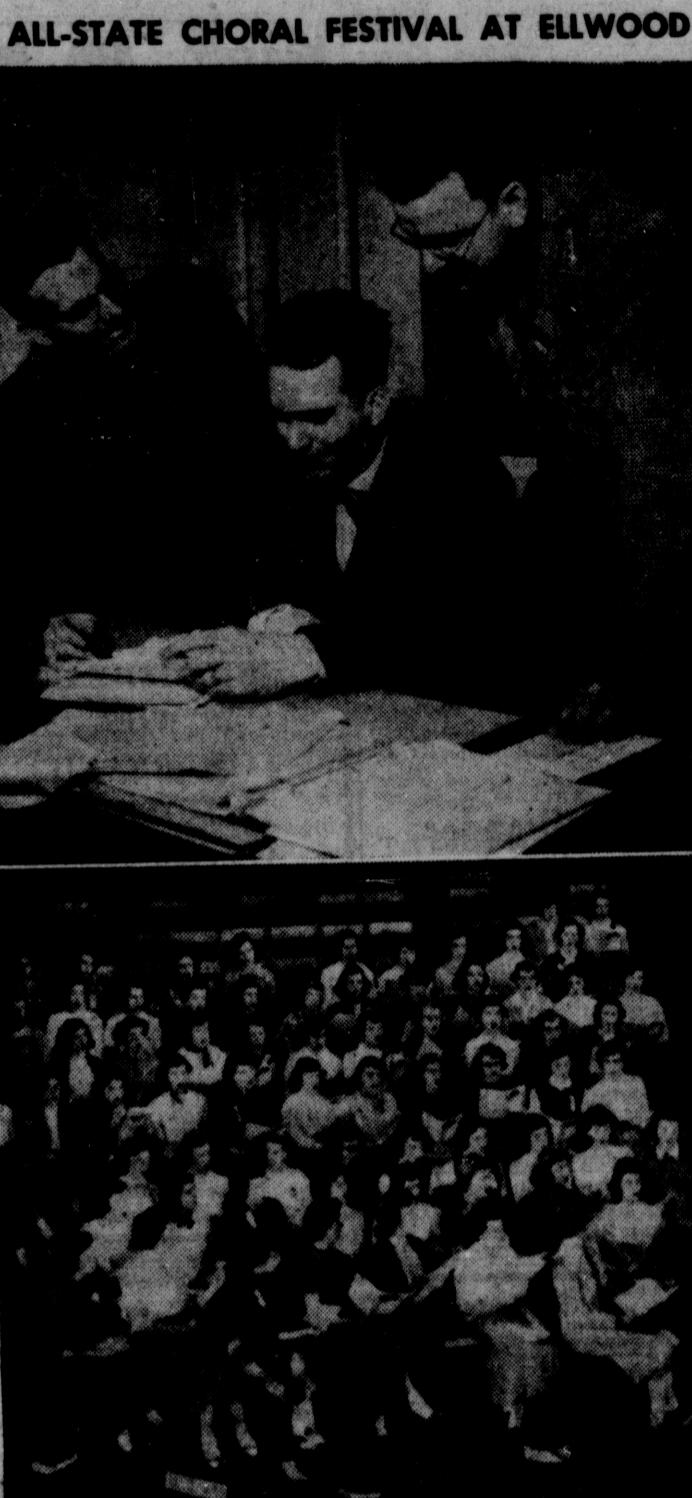

Charles Pearce, school children watchmen at North street and Croton avenue fell on Croton avenue sidewalk ice this morning and wrenched his back.

ALL-STATE CHORAL FESTIVAL AT ELLWOOD

### State Chorus Festival At Ellwood City

**Over 200 School Singers From State Share In Programs**

Residents of Lawrence county and surrounding areas will have the rare opportunity of hearing a chorus composed of 220 boys and girls in the annual All-State Chorus Festival of the Pennsylvania Music Education association to be held in Ellwood City tonight and Saturday night.

Dr. John D. Raymond, director of music at Lafayette college, Easton, Pa., as guest conductor will direct the young people in concerts beginning at 8:15 a. m. at the Lincoln high school auditorium. Overseer of all activities and hosts of the boys, girls and high school choral department director is Paul Gehm, head of the Lincoln high school choral department. The visitors represent 205 schools from nine districts in the state.

#### Welcomes Group

Townspersons of Ellwood City have welcomed the guest chorus members into their homes. Registration began Wednesday afternoon and were continued Thursday morning, with rehearsals featuring the afternoon and evening program. Lunches and dinners will be served in various Ellwood churches.

Chorus members, directors, Lincoln high faculty and several civic leaders will enjoy a banquet in the Moose hall at five o'clock Saturday evening. Among the guests will be Burgess Clyde B. Houk of Ellwood; R. J. Schill, Chamber of Commerce secretary; J. Ellis Bell, superintendent of schools, and John Shepley, high school principal.

It has been the custom for the all-state choral concerts to be

### Mail Embargo In Nation Lifted

WASHINGTON, Feb. 9.—(INS)—The Post Office department today completely lifted its mail embargo in all areas throughout the nation as striking railroad workers returned to their jobs.

At the same time, the Railway Express Agency announced that its embargoes of express shipments also have been lifted completely.

The two moves to restore full mail service came as federal mediators renewed their efforts to reach a carrier-union agreement after the army threatened to fire all strikers who continue their walkout.

The Post Office department removed its mail embargo in most areas late Wednesday, but left it in effect at such pivotal rail points as Chicago and St. Louis because of continued transportation tie-ups.

A return to work of switchmen in those two key railroad centers within the past 24 hours convinced the post office that the embargo is no longer necessary in any area.

**TO WEAR IDENTIFICATION**

NEW YORK, Feb. 9.—(INS)—New York's 2,500,000 school children will be required to wear metal identification disks as a civil defense measure.

The board of estimate approved the expenditure of \$87,000 for the disks. A school board spokesman said the disks will even be distributed for pre-school children through civic groups.

### Physicians Are Amazed At Survival Of Woman

CHICAGO, Feb. 9.—(INS)—A woman found literally frozen stiff, her body temperature a record low 64 degrees, ran a fever today in her fight for life at Chicago's Michael Reese hospital.

Mrs. Dorothy Mae Stevens' temperature climbed to 100 degrees, but her pulse, respiration and blood pressure were normal. Amazed physicians said her survival is unprecedented in medical history.

When the 23-year-old woman was discovered lying in an alley yesterday in sub-zero weather, her temperature was nearly 35 degrees below normal. She breathed three times a minute instead of the normal 18 to 20. Her blood pressure was too low to be recorded. Her pulse was 12 a minute instead of 70 to 80.

**IS SEMI-CONSCIOUS**

Today she was semi-conscious and able to take nourishment in the form of gelatin, broth and tea, and

### MICHIGAN STATE OFFICE BUILDING FIRE DAMAGED

LANSING, MICH.—Lansing firemen at midnight Thursday, brought under control, but not completely, a \$1,000,000 fire that gutted the upper floors of the State Office building at the State Capitol. The roof and the 6th and 7th floors of the north wing were wrecked. Most of the loss involved valuable state papers and documents.

### Michigan State Office Building Is Fire Ruined

LANSING, Mich., Feb. 9.—(INS)

—A fire that broke out in Michigan's state office building yesterday noon raged "in and out of control" today, 21 hours later, destroying tons of irreplaceable records and documents.

Governor Mennen G. Williams said the blaze has virtually paralyzed state business, and ordered the state police to investigate the possibility of arson or sabotage. It was the second blaze in the building in two days.

Not Yet Under Control

The Lansing fire department said the blaze was not yet under control, although "it is not out of control" and has burned out a floor called a mezzanine between the sixth and seventh floors.

State police and National Guardsmen kept vigil on the lower floors, guarding state government checks, priceless manuscripts and books.

Firemen from Lansing, Flint, Jackson and Battle Creek joined in fighting the blaze. Three firemen were hospitalized including Chief Hugh E. Fisher, who suffered a heart attack.

The fire apparently began on the mezzanine between the sixth and seventh floors, where all state

### Sub-Zero Still Keeps Grip On Part Of Nation

(By International News Service)

Suzero temperatures lay like a heavy arm on the shoulder of the nation today from the plains to the New England States.

Chilly weather prevailed in the southeastern states and Miami, mecca of sun and warmth-seeking tourists, reported an early morning reading of 50.

Sub-zero temperatures were recorded in the eastern Dakotas, northeastern Nebraska, Minnesota, Iowa, Michigan, northern Illinois, extreme northern Indiana and in some parts of New York and the New England States.

**Coldest Spot**

The coldest spot at an early hour was Grantsburg, Wis., where the mercury plummeted to 35-below.

Other readings included minus 5 in Chicago, 3 below in Augusta, Me., 24 below in Mason City, Ia., and 31 below in Wausau, Wis.

Forecasters said warmer weather was moving west-to-east across the affected area.

Snow fell from central Illinois eastward to the Atlantic coast and rain and snow was reported in Tennessee and portions of adjacent states.

This will be a practice alert. All you need do as a citizen is aid in not congesting telephone lines.

You are asked not to run to the telephone when you hear the sirens.

### Weather Blocks Korea Landing By Gen. MacArthur

TOKYO, Feb. 9.—(INS)—Gen. Douglas MacArthur took off today for his 10th visit to the Korean war front but bad weather forced his plane to turn back to Tokyo without landing in Korea.

The takeoff from Tokyo was made at 8 Friday morning (6 p.m. Thursday EST), and the United States Supreme Commander's big aircraft returned at 2:30 p.m. (12:30 a.m. Friday EST).

Meteorologists explained that a "weather front" coming up from the southwest blocked a landing in Korea.

**G. B. CHRISTIAN DIES**

WASHINGTON, Feb. 9.—(INS)—George B. Christian, 78, who was the late President Warren G. Harding's secretary and lifelong friend, died today at the Washington home of his son, John F. Christian.

He said the woman's fever was anticipated because the "deep freeze"—much more severe than frostbite—had disrupted all temperature-regulating mechanisms.

Mrs. Stevens was treated with cortisone, one of the first of the "wonder drug" hormones, and a tube was inserted in her windpipe to facilitate her breathing.

Dr. Laufman said Mrs. Stevens may lose all four limbs if she survives.

### U.N. Troops Are On Outskirts Of Seoul Now

**Enemy Resistance On East-West Coasts Is Reported Fading**

By HOWARD HANDLEMAN  
(For Eastern Director, L. N. S.)

TOKYO, Feb. 10.—(Saturday)—An American tank column rammed northward to the Han river just below Seoul Friday, leading a drive that was systematically wiping out enemy troops south of the Red-held Korean capital.

A front dispatch reported that Task Force Myers of the U.S. Third Division reached the Han river bend on Seoul's southern fringe Friday afternoon.

The column, headed by Capt. Arthur W. Myers of Lander, Wyo., arrived at a point one mile west of the Seoul suburb of Karang and an Eighth Army announcement said it was maintaining its position.

International News Service War Correspondent Robert Schakne reported that the column broke out of the last range of hills below Seoul and stabbed to the riverbank after being ordered by Lt. Gen. Matthew B. Ridgway to "see if they could do it."

**Destroying Chinese**

Schakne reported that the drive to Karang, five miles southwest of Seoul's heart, "presaged successful completion of General Ridgway's objective of destroying all Chinese and North Korean forces south of the Han."

The advance to Seoul's outskirts was made despite a heavy overcast and snow storm which prevented United Nations warplanes from flying close to support missions.

Besides taskforce Myers, other UN troops including Puerto Rican and Turkish soldiers, swung forward to points within eyesight of Seoul.

A U.S. 25th Division armored column raced to a point two miles from the capital and within a mile of Yongdungpo, Seoul's industrial suburb.

The Eighth Army estimated that 4,708 enemy troops were killed or wounded in ground fighting Friday. This brought enemy casualties in the current UN offensive which began January 25th close to the 60,000 mark.

**Resistance Fading**

Enemy resistance on both the east and west coast were reported fading but down the mountainous center of the front Red troops battled fiercely.

A front dispatch reported that the enemy had built up a force of 20,000 to 30,000 troops on the central front near Hongchon, 48 miles east-northeast of Seoul.

The dispatch, based on intelligence reports, said Republic of

### Air Alert Tests Here Saturday Or On Sunday

#### First Civil Defense Air Alert Tests Are On Schedule

Saturday afternoon between 2 and 4 o'clock and Sunday afternoon between 2 and 4 o'clock you may hear sirens blowing all over the county.

They may blow either or both days but whatever the schedule is, do not be alarmed. It will not be a fire alarm, it will be an air alert test put on by the United States Air Force in conjunction with the Lawrence County Civil Defense committee.

Sirens may blow and all persons are asked to stay off the telephones after the sirens blow in order to permit ground-air observers to get their reports through, and also to prevent telephone lines congestion.

This will be a practice alert. All you need do as a citizen is aid in not congesting telephone lines.

You are asked not to run to the telephone when you hear the sirens.

### Don't Phone About Sirens

Between two and four o'clock p.m., Saturday and Sunday, a practice air alert will be staged by the United States Air Force and the Lawrence County Civil Defense committee.

Sirens may blow and all persons are asked to stay off the telephones after the sirens blow in order to permit ground-air observers to get their reports through, and also to prevent telephone lines congestion.

## Production At Bossert Plant Still Crippled

Production of axles in the Bossert plant is still crippled today due to the wildcat strike started Thursday before noon.

Not all of the production workers are all on strike, there being some at work but the production schedule of axles for military vehicles is lagging badly.

### Complain Of Cold

The ground air observers was called shortly before noon Thursday when leaders of the strike complained the men were cold. This was true in many cases, all gas having been shut off by the Manufacturers' Light and Heat company due to the severe weather.

Propane gas and oil were substituted for natural gas for production purposes and salamanders were used for heating. A salamander is a large steel tubular vessel in which coke is burned.

Not only men in the cold spots walked out but it is said workers in the heat treatment and forging departments walked out. In these departments the area is warm from the heat used in treating the steel axle forgings.

### Picket At Zero

After walking out of the plant the workers set up a picket line in the zero weather and persuaded second shift and third shift men not to enter the plant.

Late in the afternoon a meeting was held between management and union representatives and apparently the difficulty over the heat was straightened out.

The union representatives then demanded that the wage scale be opened for negotiation, despite the fact that a contract was signed in October 1950 setting the rates.

Management contended the contract was in effect and that any wage adjustments made now would be in violation of the freeze order of the government and any such violation would create difficulty for the management and the union.

A meeting was to be held early this afternoon between management and union representatives.

Tonight at 7:30 o'clock in the CIO hall on South Jefferson street. All maintenance and production workers are to be present.

Daniel J. Skelly, representative of the USW-CIO, said today at noon "we are doing everything we can to alleviate the situation. The heat grievance was only one of many grievances which enter into this dispute. We are meeting with the management this afternoon in an effort to adjust the grievances."

### Small Fire Occurs

City firemen were called to the home of Pauline Pettegrew, of 703 W. North street, at 11:30 p.m. Thursday, where a small fire was found in the bathroom of the home.

Damage of the blaze, the cause of which was not determined, was around \$50. Fire Chief H. F. Steinbrink reports.

## AIR ALERT TESTS HERE SATURDAY OR SUNDAY

(Continued from Page One)

sirens will blow both days. They may blow only on Saturday or on Sunday or they may blow each day.

### Two Alerts

There will be two alerts, first the yellow which is the telephone alert to the ground observer stations. Then the red which would mean in war time, the approach of enemy planes.

For this one alert the civilian population need not do one thing. Stay off the phone.

Don't rush to the phone when the alert blows and call your Aunt Seitha out in Wayne township to see if she heard the siren. Don't be afraid to hear the siren. Don't call the police station or fire department to see what the excitement is all about. Just don't telephone period.

The ground air observers, the station men and other civilian defense workers will need fast telephonic communication to test their ability to get the alerts through. If a thousand people are on the telephones making social calls, this will pile work on the telephone operators and delay the transmission of the alerts.

### There Is No Danger

Ground air observers in New Castle are under the supervision of Fred Alexander. With Mr. Alexander they met Thursday night in the Jameson Memorial hospital to discuss their work for Saturday and Sunday.

County observers in Russell McClelland's group will meet tonight in Harlansburg.

Rudy Walters is the county coordinator of ground-air observers and reports will clear through him Saturday and Sunday. This alert is under the direction of the United States Air Force and you may see military planes in the sky on either afternoon.

Citizens are asked to remember there is no danger. This is merely a practice alert. It needs no action from civilians other than Civil Defense workers.

It is merely a practice alert to see how fast reports can be gotten through if there should be a real danger.

## Appelman Planning Meeting This Evening

Rev. George Jones, chairman of the Christ for Greater New Castle Evangelistic Crusade, has announced that another in the series of planning and conference sessions for the city-wide evangelistic effort will take place this evening in the First Baptist church, North at East street.

The first hour, starting at seven o'clock, will be devoted to prayer, with prayer groups formed. From 8 to 9, reports will be heard from the committees which have been functioning. At 9 o'clock, the committee chairman will have conference sessions.

It has been announced that during the first part of the campaign which starts on February 26, Max and Neva Harvey musical evangelists will participate for ten days as musical workers and on the final 11 day period, the Eureka Jubilee singers will be heard.

Noon day services are planned for the First Presbyterian church during the course of the campaign.

## Elevator Man Out For Record In Heart Drive

Roy Sanderson, elevator operator at the Temple building, is out to beat the record he established in the March of Dimes campaign, when he collected \$115.33 for this worthy effort. Mr. Sanderson took in this amount in a lapel box, which he wore during his working hours at the Temple building.

In his elevator is a plastic heart, placed in a conspicuous spot, just at eye level, and he has started out modestly as he did in the previous campaign, setting a goal of \$25. If he reaches this amount, he will jump it to \$50, and then will try for the hundred.

It has become an interesting hobby with him, and his winning personality has brought splendid returns for the things he is interested in.

If everyone showed as much interest in these things, there wouldn't be any project in New Castle which would lag. It would go over with a bang.

## U.N. TROOPS ARE ON OUTSKIRTS OF SEOUL

(Continued from Page One)

Korea troops backed by American tanks advanced to within five miles of Hongchon despite stiffening enemy resistance and a six-inch snowfall.

INS War Correspondent Lee Ferrero reported from the mountainous central front Friday night that 3,000 Red troops counter-attacked United Nations forces of the U. S. 10th Corps south of Chabul in the east-central sector.

The enemy's three-sided onslaught from the north, south and east was broken by UN artillery after a two-hour battle, the dispatch related.

Chabul lies 23 miles north of the big communications center of Cheonan.

### Capture Kangnung

At the eastern end of the peninsula, Republic of Korea (ROK) troops pushed up the coastal rail highway rate after capturing part of Kangnung, only 18 miles below South Korea's northern border, the 38th Parallel.

Between the two coasts, however, the Chinese and North Korean invaders unleashed strong counter-attacks along the mountainous central front, provoking severe battles.

United Nations planes struck anew at enemy concentrations and supply arteries Friday, but their operations were hampered by adverse flying conditions.

The U.S. Fifth Air Force announced its pilots have claimed nearly 80,000 enemy soldiers killed or wounded since June 27—two days after the Korean War broke out.

The officials summary said Chinese Red troops who originally disdained air attacks now are extremely difficult for pilot to find.

Low clouds, freezing rain and snow throughout Korea limited Friday's Fifth Air Force sorties to 10 by 5 p.m.

The bad weather, which whitened parts of Korea with light snowfalls, prevented Gen. Douglas MacArthur from landing after he had taken off for his 10th visit to the Korean war front. The UN supreme commander's personal plane returned to Tokyo Friday afternoon.

## Rev. Manieri To Give Testimony

This evening at 7:30 o'clock in the Sampson Street Alliance church, Rev. John P. Manieri, of Dover, N. J., will speak on the subject "A Four-Fold Christ" conducting a Divine Healing service following the sermon. Rev. Manieri will give his personal testimony on how God healed him of blood poisoning throughout his entire system.

Saturday evening, the Keynotes of Harmony will sing and Rev. Manieri will preach on "Making Plans for the Future." Sunday, two services will be conducted.

## Mt. Jackson School Resumes Today After One-Day Vacation

North Beaver Township pupils are back in school today, after a one-day recess called on account of threatening weather conditions Wednesday afternoon.

When the roads became icy, and falling snow started to drift Wednesday afternoon, it looked like some of the buses might become marooned if the condition continued, so it was thought advisable to call a one-day recess. Probably most of the buses could have gotten through, even though some of the roads were pretty badly drifted, but the children were happy about it. It kept them out of pretty severe weather.

departments stored their irreplacable records.

Officials of the highway department, whose plans, engineering records and blueprints for new roads were destroyed, said replacement cost of the plans alone will be \$250,000.

Heads of state agencies scheduled an emergency meeting today in efforts to relocate their 1,300 office workers.

## HALEY-CIOCCA IMPRESSIVE RITE

Filmy white tulle was worn by Miss Patricia Haley as she became the bride of Alexander Ciocca on Monday, February 5, in the Help of Christians church of Pittsburgh, Pa.

Rev. Fr. McCalla heard the exchange of vows at a 9 o'clock nuptial high mass, with the impressive double ring ceremony performed. Ferns, palms and ceremonial candles decorated the church altar afterward.

The bride is the daughter of Mr. and Mrs. William H. Haley, 1201 East Washington street, and the groom is the son of Mr. and Mrs. Alex Ciocca, of Pittsburgh.

Escorted to the altar and given in marriage by her father, the attractive bride appeared in a gown fashioned with long tapered sleeves and a cathedral train. Her lace bodice featured a sweetheart neckline, and a crown of seed pearls caught up her fingertip veil of tulle. She carried a bouquet of white roses and snapdragons.

Miss Peccora, a nurse at the Aspinwall hospital, attended the bride as maid of honor. Bridesmaids included Miss Murphy and Miss Neil, also nurses at the same hospital. Each attendant wore a gown of baby pink lace with jeweled hunter green caps as pretty accents of the ensembles. They carried bouquets of pink roses and snapdragons.

William (Bill) McConnah served the groom as best man, with Rocco Ciocca, brother of the groom, and Percy Miller as ushers.

A breakfast was served at the groom's home, with dinner enjoyed at a Pittsburgh dining room.

The ballroom of the Pittsburgh Musicians' society was the scene of the evening reception. Gracing the bride's-table was a forty-pound cake that had been baked by Mrs. Anna Reinhart, aunt of the bride of New Castle. Mrs. Reinhart assisted in cutting the cake.

The young couple departed for a honeymoon to an undisclosed destination, and will reside at 435 Shady avenue, Pittsburgh, upon their return.

The bride is a graduate of the New Castle senior high school and was graduated from the Mercy hospital of Pittsburgh. She is employed at the Veterans' State Hospital of Aspinwall. The groom is a student at Pitt university.

**NORTH BEAVER CLUB PLANS ANNIVERSARY**

Mr. and Mrs. Howard Butler of Mt. Jackson will welcome members of the North Beaver Garden club into their home on Wednesday evening, February 14. An anniversary party will highlight the evening's program.

Howard Butler, Mrs. William Davis and Mrs. Arthur Walker are in charge of the program, with music to be under the direction of Mrs. Flossie Andrews.

## MOVIES AND TALK TO FEATURE MEETING

Members of the Temple Israel Sisterhood will hold an open meeting Tuesday, Feb. 13, at 2 o'clock, in the social rooms of Temple Israel, when movies embracing a subject of vital interest, entitled "Breast Self-Examination," will be shown under the auspices of the Lawrence County Cancer society. Dr. Elizabeth Veach of New Wilmington will talk on the subject afterward.

Members of other women's organizations are cordially welcome to attend the meeting.

Preceding the open meeting, a short business session will be held at 1 o'clock.

Tea will be served following the meeting.

## WOMAN'S CLUB GROUP POSTPONES MEETING

Conservation and Garden Department of Woman's club has postponed its meeting scheduled for February 14 at the home of Mrs. Harold M. Leach, 421 Clem-Moore boulevard, until Wednesday, March 14, as Mrs. Roy Burnside, who is to be guest speaker, will be unable to be present until the later date.

Cards were played and the club token was won by Mrs. Angelo Vito. The birthday of Mrs. Josephine DeLullo was honored and she received a gift. Mrs. DeLullo later presented a floral bouquet to Mrs. Frank Palumbo.

A delicious lunch was enjoyed and the president, Mrs. Tabisz, gave the invocation. Tables were nicely decorated in the Valentine motif. Later a special prize was won by Mrs. Sam Crisci.

February 21 is the meeting at a Croton inn with hostesses being Mrs. Sam Crisci and Mrs. Paul Fazzone.

## Students Recital

Mrs. Donald O. Cameron presented several of her piano students in a recital in her home at Lincoln Ave., New Wilmington, recently. The program ranged from the numbers played by small beginners to the more difficult selections presented by the older pupils.

Cards were played and the club token was won by Mrs. Angelo Vito. The birthday of Mrs. Josephine DeLullo was honored and she received a gift. Mrs. DeLullo later presented a floral bouquet to Mrs. Frank Palumbo.

## OAKWOOD CLUB MEMBERS GATHER

Mrs. Richard Majesky, nee Edith Miller, was the honored guest at a miscellaneous shower given by Mrs. Donald Hudson at the bride's newly furnished home on the New Wilmington road. Mrs. Majesky was the recipient of many lovely gifts.

The former Miss Miller, daughter of Mr. and Mrs. W. H. Miller, of Neshannock avenue, became the bride of Richard Majesky, son of Mr. and Mrs. Walter Majesky, Clarksburg, W. Va.

The quiet ceremony was performed January 5, 1951 in the St. Mark's Lutheran church, Clarksburg, with Rev. Cline officiating. They were welcomed to the club as new members.

A valentine gift exchange was featured and tasty refreshments were served by the hostesses.

Mrs. Clayton Hofmeister, McClelland avenue, will extend hospitality to the members for their next meeting on Thursday, March 8, with Mrs. Roland Peden to serve as co-hostess.

Pandoras Club

Pandoras club members gathered Tuesday evening in the Sons of Italy club rooms, hostesses being Mrs. Frank Palumbo and Mrs. Josephine DeLullo. A hankie exchange, observing Valentine Day was held.

Cards were played and the club token was won by Mrs. Angelo Vito. The birthday of Mrs. Josephine DeLullo was honored and she received a gift. Mrs. DeLullo later presented a floral bouquet to Mrs. Frank Palumbo.

A delicious lunch was enjoyed and the president, Mrs. Tabisz, gave the invocation. Tables were nicely decorated in the Valentine motif. Later a special prize was won by Mrs. Sam Crisci.

### Big Four Conference Fades

Emphatic new evidence that the average Russian cuts his teeth on chess while American boys are playing baseball was seen today in the latest note from Moscow on a possible new Big Four conference.

Western diplomatic circles are virtually unanimous in seeing the communication as a move to checkmate western allied plans for the rearmament of Europe against Communist expansion and aggression.

For reduced to its most elemental terms, the Soviet note virtually demands that the allies forthwith call off their program for utilization of German manpower in creation of a western defense system under the leadership of Gen. Dwight D. Eisenhower.

### Washington Is Pessimistic

As a result, Washington is pessimistic and sees the chances of a new Big Four conference fading rapidly.

London and Paris, as usual, are a little more hopeful. They contend that by agreeing to a procedure of meeting of foreign ministers' deputies to study an agenda, the Russians have left the door open to an East-West session that conceivably might lift the tension gripping the entire world.

A study of the Moscow text shows conclusively that the Soviets want an early meeting simply because if one is not summoned before too long, western defense efforts will have outstripped the Kremlin's capacity to strike fear into Europe and the world.

Thus Moscow called for at least a preliminary meeting as soon as possible. Its communication said:

"If restoration of the German regular army and war industry as well as numerous other measures tending toward preparation of a new war are prolonged, the conference will be confronted with accomplished facts."

### The Parent Problem

By Garry C. Myers, Ph. D.

#### GIVE CHILD LOVE, AFFECTION

In recent columns I have deplored the large proportion of the family income spent on luxuries for children, and have entreated parents to give their children fewer material things and less money for passing pleasures than most children are receiving.

Some persons reading that may have supposed I would deny happiness to children just at a time when they seem to be facing more troubles, fears and sorrows. On the contrary, I'm pleading for more enduring happiness for children for pleasures which don't easily perish.

#### Costly Clothes

Just to buy the baby, child or other fancy, costly clothes, alluring playthings which are frail and last but for a few hours or days and hardly educate him mentally or morally; money to gorge himself on sweets or to buy amusements which melt away like snowdrops on a river; just to let him have what he wants for the moment doesn't make a child happy. Rather it renders him unhappy. It makes him want more and more things for passing pleasures. But there surely comes a time when not all his wants can be gratified or when, if they are, he can't be happy with other persons or even with himself.

The increasing number of children, especially young children, who will be left with only one parent or with a parent-substitute, will be starved for what they need most, starved for love and tenderness and companionship with understanding persons, persons who will listen to what these children have to say, persons who will answer their questions and converse companionably; persons who will inspire these children to create for fun with crayon, pencil, paint, simple tools and with words; persons who will help them grow self-reliant physically and emotionally and learn to amuse themselves creatively when alone or when with other children.

This kind of child especially needs persons who will set the stage so he will have abundant whole-some fun with other children of his age—not passive fun at just listening and looking but active fun at thinking and doing—participating fun.

#### One Parent

The trouble is that grandparents and other relatives of the child left with only one parent or none, think first of lavishing gifts and money on this child, even at great financial sacrifice themselves—more material things which will amuse him right away, regardless of how long or with what effect; and more money for him to spend for what he pleases.

Also some mothers who work, especially those who doubt that they should be working, save their conscience by buying more material things for the child and giving him more money to spend, in order to make up, as they suppose, for the loss of their presence and companionship. Instead, they ought to provide good books and children's magazines and tools for building a workshop for the child or even to pay dues for membership in Cub Scouts or the like, or to hire some skilled person to teach this child to play and make things with other children of his age.

When the mother who works takes time to read to her child and make things with him and talk companionably with him and have fun while home with this child, also finds a parent-substitute who will do likewise, she is compensating some for what the child loses while she works.

Money alone can't buy happiness for a child. (My Bulletins "Letting Little Child Learn" and "Books From Which to Read to Baby and Young Child" to be had by sending a self-addressed, stamped envelope to me at 285 East 45th street, New York, N. Y.)

Not all counties nearby have a blood bank . . . and to really understand the position of this county . . . and other progressive counties . . . listen tonight . . . 9 to 10 p.m. . . . WKBN . . . when a documentary presentation of the Red Cross Blood Program will take over the "Hear It Now" program.

Special appeal will be made for donors to the blood bank . . . and in cooperation with this program New Castle Telephone number 5084 will be open to receive calls. Help your friends by donating your blood to the American Red Cross Blood Bank.

And now that two programs are in full course in the county . . . we haven't time to say . . . it's mighty cold.

## PARADOX OF AMERICAN PRODUCTION

## The Huckelberry Feud

(By HOLMES ALEXANDER)

WASHINGTON, D. C., Feb. 9.—Fancy language won't describe the renewed fracas of Senator McCarthy vs. Secretary Acheson. To get the real pitch you must turn to the "Huckleberry Finn" chapters in which Mark Twain depicts an Arkansas feud. Let us open with a conversation between Huck and Buck down by the corn crib.

"What's a feud, Buck?"

"Why, where was you raised? Don't you know what a feud is?"

"Never heard of one before—tell me about it."

"Well," said Buck, "a feud is this way: A man has a quarrel with another man and kills him. Then the other man's brother kills HIM. Then the other brothers, on both sides, go for one another; then the COUSINS chip in—and by and by everybody's killed, and there isn't no more feud. But it's kind of slow, and it takes a long time."

"What was the trouble about, Buck?"

"Laws, how do I know? It was so long ago."

Something Like This Happening

Something like this is now happening in the U.S. Senate where the McCartneys and the Achesons are shooting it out to the death. There is, I swear, no better way to report on this battle than to let Huck tell about it:

One day ole Colonel Taft, who's head of this Republican family, up and says a speech: "There seems to be some hope that we may at long last achieve the purpose of acquiring a new Secretary of State." With that ole Col. Taft, who's also chairman of the GOP Policy Committee, plants Joe McCarthy in the bushes of an appropriations committee which controls the funds of the State Department. Joe is lying in wait for Acheson when along comes a lady-Senator named Margaret Chase Smith and—bam-bam!—they start shooting each other full of holes.

"What're you shootin' at the lady for, Joe? She's a Republican, same as you."

"She's an Acheson," grits Joe between his teeth. "But she ain't like me. And I'm going to shoot her right off the investigation subcommittee of the Committee on Expenditures in the Executive Departments."

No sooner has Joe said this, than down the road to the lady's rescue comes a Democratic Senator named Benton, and the buckshot is soon flying fast.

"Why do you shoot it out with Benton, Joe? Why not wait for Acheson?"

"When was you born—yesterday? Don't you know this Benton used to be an assistant secretary of state?"

Did Acheson Appoint Him?

"Did Acheson appoint him to that job?"

"Well, no. But Benton and Acheson were both in the State Department when Alger Hiss was there."

"That was a long time ago, Joe. Anyhow, what does it prove?"

"Laws, don't you know nothin' about feudin'? It proves a lot."

"Look a here. Everybody's shootin' at me, ain't they? I got to shoot back, don't I?"

Just then we hear the guns bam-bammmin' away in another part of the woods, and a man who's pretty full of holes come a-running down the road.

"That's one of our boys," says Joe. "He's John Marshall Butler, the new Senator from Maryland. The Democrats have sent Senator Guy Gillette out to get him on account of how Butler smeared Millard Tydings."

"When will the feud be over, Joe—when you get Acheson?"

"No, but that'll help our side."

"Will it be over when Taft gets Truman?"

"No, but that'll help too."

"What about when the Democrats get you—will it be over then?"

"It'll be all over with me, but I reckon we've and they've will keep right on fightin' as long as there's somebody left to pull a trigger."

Thus Huck Finn, speaking for Mark Twain, might describe the Senatorial bushwhacking which is beginning to compete for news coverage with the Great Debate and the Korean War. In ordinary times it would be simple enough to gauge public feeling about this uproarious affair. Serious-minded Americans would look upon it as a skirmish between Right and Left or even between Right and Wrong. More light-minded citizens would see it as a mere episode in the ever-funny comedy of political behavior.

But in these hours of genuine national crisis, maybe there's an other viewpoint. I'd be surprised if many Americans aren't getting pretty fed up with their squabbling law-makers. Read the names of those committees again: appropriations, expenditures and policy. They sound important enough to keep Senators busy. Too busy, in fact, for feuding.

## Washington Calling

(By MARQUIS CHILDS)

### 'Make It Come True In '52'

WASHINGTON, Feb. 9.—"Make it come true in '52." That was the really applauded slogan of the big Republican rally here the other night. The current of optimism now running through the Grand Old Party is comparable to the tide of hope which flowed so strong in 1947 on the eve of what seemed certain victory.

There is a difference this time. While prominent Republicans are not given to discussing it publicly, the belief is widespread that they now have a gimmick which cannot fail.

That gimmick is Senator Joseph R. McCarthy of Wisconsin and the technique of the big smear. Significantly, McCarthy got almost as much applause at the rally as Senator Robert A. Taft, Mr. Republican himself.

Stop-At-Nothing Technique

It is a stop-at-nothing technique which seems to ardent Republicans long frustrated in defeat a heaven sent answer to prayer. As evidence of how far the top command of the party is willing to go, McCarthy has been given a place on the Senate subcommittee having charge of appropriations for the State department. In that position he can conduct increasing guerrilla warfare against the foreign policy of the United States, and those who are trying to carry it out.

Looking at the Democratic party and the Truman administration, you find the opposite of confidence and hope. The hold of the party on organized labor has been weakened. That process of separation threatens to continue with the angry muttering of union leaders who complain that the direction of the whole defense program has been turned over to "big business."

Becoming More Apparent

The evil consequences of maladministration through government by crony are becoming more and more apparent. President Truman's fundamental trait—rewarding his friends and penalizing his enemies—seems to have been confirmed by his surprise victory of 1948.

That trait is most useful in winning office through the give and take of partisan politics. But in the highest office in the land where decisions must be taken that affect the lives of all Americans, Republicans as well as Democrats, it can be a dangerous trait.

During the past two years the administrative level has declined particularly in certain administrative agencies. This has been due in part to political intervention, in part to the appointment of second or third rate men and in part to just plain indifference or ignorance. The following agencies have conspicuously deteriorated, some of them making nationwide headlines:

# Charge Taft's Speech Aimed At '52 Election

By WILLIAM THEIS  
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 9.—Senate GOP Leader Taft's denunciation of the Eisenhower "no ratio" troop plan was tagged by a Democrat today as a "challenge" to the general's 1952 presidential threat.

The Ohio Republican, most powerful contender for the GOP nomination next year, offered a one-tonne ration of his own and said Eisenhower's report to Congress left the European defense plan "more hazy" than it was before.

Sen. Sparkman (D) Ala., an ad-

ministration backer and delegate to the United Nations assembly, told reporters:

"I'll take Eisenhower on that."

And Sparkman added:

"Is this his challenge of Ike for '52?"

Sen. McMahon (D) Conn., who criticized what he termed GOP "grandstand quarterbacks" on foreign policy, gave this reply to Taft's Senate foreign policy speech:

"A typical Taft approach, impractical and unworkable. We are talking about the security and the safety of this country and not the convenience of anybody else."

Taft's 8,000-word speech preceded by 24 hours the second foreign policy address to be delivered by former President Herbert Hoover. Hoover speaks to the nation by radio tonight.

## Water Rights Are At Issue

### Plaintiffs Ask Continued Service

In an equity suit filed by John and Anne Ursu against Alfonso and Mary Mathieu, the plaintiffs ask that the defendants be restrained from shutting off their water supply. They also ask for an order giving them an easement over the property of the defendants.

Both families are from Ellwood City, the plaintiffs residing at 805 First Avenue and the defendants at 641 Line Avenue. They reside in homes that are upon one city lot and the city water supplying both families comes through one line. Each family has paid its share of the water bills.

The plaintiffs claim they sold the defendants half the lot in 1945 and that the water service continued as it was. In December 1950 the plaintiffs claim the defendants shut off their city water and restored it only after the health officer of Ellwood City made a plea for it.

The Ursus now ask that the defendants be restrained from shutting off their water supply at any time. In addition they ask

an order giving them an easement over the property of the defendants for their water supply.

## Remington Will Seek Release On Bail For Appeal

NEW YORK, Feb. 9.—(INS)—William W. Remington will appear today before a three-judge panel who will rule on a petition to permit his freedom on bail pending the outcome of his appeal against

a five-year prison sentence for perjury.

The 33-year-old former Commerce Department official was given the maximum sentence and fined a maximum of \$2,000 yesterday by Federal Judge Gregory F. Noonan.

Judge Noonan imposed sentence on the tall handsome Remington a day after a jury of seven women and five men found he had perjured himself in denying under oath that he had ever been a Communist.

Defense Counsel Edward Scully

asked Judge Noonan to continue the Dartmouth-educated Remington in \$5,000 bail pending the outcome of the appeal which was filed immediately after sentence.

The judge denied the petition. Later yesterday Judge Hand of the United States Court of Appeals ordered Remington released on bail of the same amount until three judges of the same court rule on the petition.

Irving H. Saypol, United States Attorney who prosecuted Remington, opposed permitting him his freedom overnight on bail.

# Let's Look At The A-Bomb, Can We Survive Attack?

(Fourth Of A Series)

One of the many common fallacies concerning the atomic bomb is that the terrific explosive power of the bomb might well destroy the earth or that the earth may be jarred off balance and career into a star.

That's just another of the bogey stories. Earthquakes are occurring all the time over the world without any catastrophic results worldwide. Yet an atomic bomb is as light in effect compared to an earthquake that an "A" bomb explosion shows only the very faintest traces on a seismograph.

In yesterday's article we promised to talk about protection against the bomb effects where a person is outside. Here again your possibilities of survival are excellent unless you are inside the "isle of death" the area a mile square surrounding the center of the explosion.

**If You Are Outside**

If you happened to be outdoors, in the woods, or plowing a field, or taking a walk in the country what can be done?

At the first warning of the bomb, throw yourself to the ground, face down. Pull your hat down over your eyes, your collar up over the back of your neck and put your hands under you.

If the bomb explosion is two or three miles away there would be some possibility of flash burn, but if your skin was protected, the clothing would save you from serious injury. Don't look at the flash. It rivals the sun in brightness and to look at it would mean temporary blindness. It might mean injury to the eyes.

A ditch, a gully, the side of a hill, all of these would provide protection against the blast and the heat. But you ask what about the radioactive rays?

At the risk of being repetitious, would like to repeat. If you are close enough to be killed with the rays you probably would be killed with the heat or blast anyway.

When the bomb explodes it shoots out these alpha, beta, gamma and X-rays and neutrons. There is some atomic ash when

of deep water. That removes the possibility of a water bomb explosion in western Pennsylvania and eastern Ohio.

The second most dangerous is the ground level explosion. This leaves some radioactive ash on the ground which is "hot" for a time, but trained geiger counter men can locate the areas of contamination and warn you.

All these precautions are based upon the idea that you have kept your head. If you have escaped the heat or the blast the probabilities are that you will be okay. There will be terrific property damage of course but we're thinking about your life.

Above all things don't rush out and get in your car and head for the open country. Stay in your home and then later see what you can do to help others who may have been injured.

**Wall A Bit**

An hour after the bomb has exploded you can leave your house and feel safe against lingering radioactive sickness. The records show that no person who remained alive in Hiroshima or Nagasaki were harmed by lingering activity. About fifteen per cent

Most of the excitement about radioactive rays comes from the fact that only since 1918 has the world known much about nuclear reaction when Ernest Rutherford announced his discovery in nuclear physics and split the atom. And only since 1942 have we done much about harnessing the power of the atom. On December 2, 1942 beneath the University of Chicago's Stagg Field scientists first did that little trick. Out of that start has come atomic energy and the atomic bomb.

But to get back to protection against the bomb's effects. If you happen to be in an automobile and are warned of the bomb, get out of the car and throw yourself flat on the ground. The car might be toppled over in the blast. If it isn't and you have heard the blast, keep lying face down for about twenty seconds or a little more. Then get into your car and put the windows up. In this way you would escape any danger of radioactive poisoning, assuming that you were two or three miles from the explosion.

**Water Bomb**  
The most dangerous bomb is the one exploded underwater. This is done only in a large body

## LOUIS ROTUNO'S HOME FROM TRIP

After honeymooning in New York City, Mr. and Mrs. Louis Eugene Rotuno are "at home" in their apartment at 206 Boyles avenue.

On the afternoon of January 6, at 2 o'clock, Miss Florence Leona Adamczyk, daughter of Mr. and Mrs. John Adamczyk, Tempalena avenue, was united in marriage to Louis Eugene Rotuno, son of Joseph Rotuno, Boroline street, in SS Philip and James church.

Rev. Fr. V. V. Stanczak performed the double ring ceremony in the presence of friends and relatives. The bride, given in marriage by her father, wore a bridal gown of white satin and net, accented with a fingertip length veil of illusion trimmed with Chantilly lace.

Miss Frances Majeski was maid of honor, while Miss Helen Cwyar was the bridesmaid. Raymond Conti served the groom as best man and James Smith was the usher.

A dinner and reception followed the ceremony.

Mrs. Rotuno is employed by the Bell Telephone company as an operator. She was graduated in 1947 from Shenango high school. Mr. Rotuno, an alumnus of the Union high school, class of 1947, is employed by the Pennsylvania and Lake Erie railroad in Campbell, Ohio.

## Early Hearings Now Planned

**Plan To Hear Charges Concerning R.F.C.**

WASHINGTON, Feb. 9.—(INS)—Senators investigating the Reconstruction Finance Corporation stepped up their plans for early public hearings today as a result of an angry counter-attack by President Truman.

A reliable source on the Fullbright subcommittee said that hearings will probably begin the middle of next week and will be much more extensive because of the president's attitude.

At his news conference Thursday, Mr. Truman called the subcommittee report asinine and said it represented a personal reflection on himself.

The report found evidence of "influence and favoritism" in the handling of government loans, and in at least one case traced the "influence" to the White House itself. Donald Dawson, personnel aide to the president, was named as one of a group of men who sought to "dominate" the agency's board of directors.

Subcommittee source explained that since Mr. Truman has questioned the value of the report, senators who took part in its compilation undoubtedly will want to develop through testimony the facts upon which they based their statements.

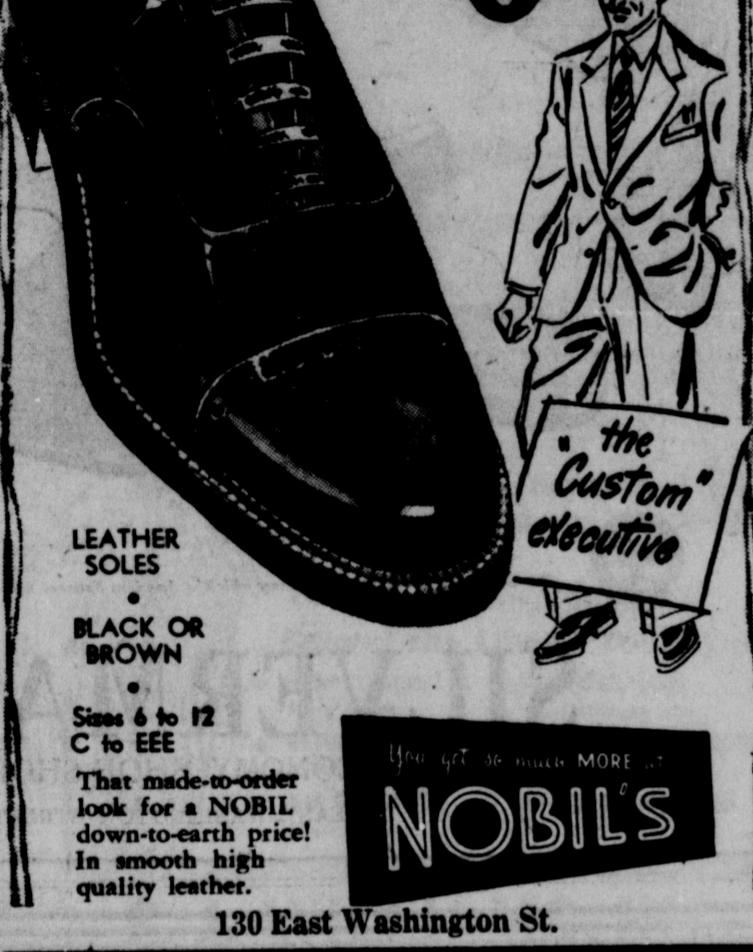

Subcommittee members, Democrats and Republicans alike, took issue with Mr. Truman's statements about the report.

## Dollar Value Receives Attention By Babson

By ROGER W. BABSON  
(Copyright, 1951, Publishers Financial Bureau, Inc.)

WASHINGTON, D. C., Feb. 9.—There is no more certain way of wrecking our economy and our democracy than by allowing the value of our dollar to continue to decline. Many are finding it extremely difficult today to make ends meet with a 57-cent dollar in this most prosperous era America has ever known.

### Inflation Marches On

In 1940, a friend of mine got an air mail letter from Greece. The amount of postage on the envelope was 30 drachmas, or about 65 cents. Just the other day, he received an air mail letter of the same weight from Athens. He counted the postage — 9700 drachmas — 323 times as much as it took in 1940. How would you like to hold life insurance policies in an Athenian company, or to have bought Greek government bonds in 1940? Both are being paid as they become due; but in almost worthless money.

It can't happen here? It already has happened. By the time you get around to cash your 1953 Series E bonds which you bought in 1943, you will have lost an appreciable amount of money in terms of what your dollars can buy. It already takes twice as many dollars as in 1940 to buy the average car. Food costs are up over 100 per cent, clothing costs by about 95 per cent and rent costs by about 20 per cent. Almost anything you can name has spiraled since Korea. The Air Force alone reports that the decline in the dollar has eaten out of its budget 750 jet fighters.

**Some Causes of Dollar Decline**  
Management blames the decline of the dollar on wage raises. The wage earner blames management for price hiking in a seller's market. Both groups are at fault. But the real difficulty lies with the fact that the production of goods is not keeping up with the demand. The Bureau of Labor Statistics reveals an average hourly pay rise in the manufacturing industries from a low of \$1 in 1946 to \$1.50 in 1950, or 50 per cent.

Roger W. Babson

we can raise a ten million man army voluntarily. It is, therefore, with reluctance that I have come to the conclusion that the only cure for inflation is through stringent regimentation of our economy—but only for as long as war lasts.

This means stiff taxes and a big reduction of all expenditures not required by the war preparations, in order to put the war on a pay-as-you-go basis. It means prices, wages, and profits must be controlled. It means an end to all subsidies to farmers, laborers and businessmen. It means unloading the billions of dollars of farm inventories now stockpiled by the government. It means a drastic reduction in the heavily overloaded executive branch of the government. It means all-out mobilization, not a piecemeal mobilization which encourages inflation. Unless we immediately take these drastic steps, unpleasant as they may be, our dollar may become worth only 25 cents.

### More Controls Coming

I hate the idea of more government in business. I always will be vigorously opposed to unnecessary government controls. We can no more control inflation voluntarily with our present government than we can control inflation voluntarily with our present government.

At the same time, the Bureau of Labor Statistics' Consumer Index rose 36.9 per cent. This meant an average hourly increase of around 10 per cent in actual purchasing power of workers.

From 1946 to 1950, corporate profits rose, before taxes, from \$23.6 billion to around \$7 billion in 1950, or an approximate 57 per cent increase. After paying taxes, however, 1946 corporate gains were \$13.6 billion, and rose to \$21.5 billion in 1950, and compare fairly well with the increase in wages and prices. This is a good illustration of the law of supply and demand—action and reaction—which ultimately takes care of us.

The desire of all of us for more play and less work is the real cause of our declining dollar. The Korean war simply brought our precarious economic status into sharper focus.

## C.T.P. Auxiliary Dessert-Luncheon

C. T. P. auxiliary of the B. & O. railroad held a dessert-luncheon Wednesday afternoon in the green room of the YWCA.

Valentine decorations were used in the attractive appointments, with Mrs. Ralph Audino and Mrs. Joseph Bingham as the hostesses.

Mrs. T. J. LaRock won the attendance prize.

Prizes during the social period were won by Mrs. John Casasanta and Mrs. T. J. LaRock.

Mrs. O. F. Shaffer, president, presided over the business meeting.

The next meeting of the auxiliary will be held on Wednesday, March 7, in the form of a tureen luncheon at 1 o'clock. Mrs. William Ronk and Mrs. John Casasanta will be hostesses.

### FINE TIME

LONDON — (INS) — Mrs. Kathleen Anderson, of Rainham, Kent, had a pleasant surprise when she appeared in court on a parking offense.

—she was sentenced to lunch with the judges. The court had been newly rebuilt and Mrs. Anderson was the first "customer". The judges, clerks and court habi-

tues were holding a celebration lunch, and after being fined \$1 (paid by the judges) Mrs. Anderson was invited to the luncheon party.

## BABY DIES OF BURNS

MCKEESPORT, Pa., Feb. 9.—(INS)—A five-month-old baby boy died yesterday of burns suffered when his carriage caught fire in the home of his parents.

The child, Ronald Whindell, was burned when other children accidentally pushed the carriage near an open gas flame and the carriage caught fire.

## Try And Stop Me

BY BENNETT CERF

One morning editor Harold Ross was concluding a conference with associates St. Clair McKelway and Mrs. E. B. White. "I'm worried about Wolcott Gibbs," confided Mrs. White. "He's dreadfully nervous; he has insomnia, he becomes panic-stricken when he has to go out in the street, and he's begun to have the notion that somebody is following him." "So what?" said Ross with a shrug. "That just makes him a member of the staff!"

Mrs. Abernathy, writing a letter to her mother, couldn't find a calendar, so she asked her husband, "Honey, have you any idea what day this is?" Mr. Abernathy looked up from his paper warily. He had gotten into trouble through just such an opening before, and he wasn't going to make the same mistake again. "I know it's our anniversary, darling," he lied gracefully, "but the jeweler didn't have the gift I picked out for you initiated in time."

## Tuberculosis Board Meets To Hear Report On Isolation Home

Board of trustees of the Lawrence County Tuberculosis society, met Wednesday in the office of the Lawrence County Tuberculosis society to listen to Mrs. Jessie M. Stenger, chairman of the board, report on the progress of remodeling of the Isolation Home.

Attending besides Mrs. Stenger were: Mrs. F. J. Tomasson, Mrs. John Hough, Irwin W. Stunkard, J. Roy Mercer, and Mrs. Jane M. Cochran, executive secretary of the society.

Mrs. Stenger reported that the remodeling has been completed, and that after the inside has been painted, the home will be ready for furnishing.

The trustees appointed a com-

mittee to purchase the necessary furnishings with authorization to proceed at once. Contributions amounting to \$485.00 have been received from social and civic organizations in the county.

The next meeting of the trustees will be . . . the home, the latter part of February.

## Small Girl Hurt In Auto Accident

Margaret Myers, age 8, of Slippery Rock, R.D. 3, sustained a fracture of a collarbone at 3:30 p.m. yesterday and was attended by a New Castle physician.

She was in a pick-up truck operated by her father, U. J. Myers, along the Harlanburg road three miles east of the city when an auto operated by Norma G. Grove, R.D. 3, was driven from a private driveway of her home in front of the Myers' car, according to state police.

The trustees appointed a com-

## Cubs, Scouts Receive Window Display Prizes

Scout troop 5, and cub pack 37 took blue ribbon prizes for their winning displays, distributed throughout the city earlier this week.

A committee of three judges last night awarded first prize to troop 5 for its splendid reproduction in miniature of the council camp Agawam. Scoutmaster Russell Rohrer accepted the prize.

Quinten Kennaday, scoutmaster of troop 44, and Keith Van Kossen of troop 1, accepted second and third place prizes for their respective troops.

Cub pack 37 was awarded first place for its theme display of "rivers and boats". Cubmaster Emery Back supervised the Cubs of his troop in this display.

Dan H. Ryan, and H. C. Robinson of cub-packs 3 and 43, then accepted the second and third prizes for their respective packs.

Dale Clousby, chairman of camping and activities Kuskuski district, and A. L. Wilson, district commissioner, and Hi Lamphier, chairman of training in this district, acted as judges.

## Women Of Moose To Attend Conference

At the regular business session of the Women of the Moose held Wednesday evening at the Moose home with the senior regent, Mrs. Hulda Doer presiding, plans were discussed for the women to attend the conference of the Women of the Moose of Western Pennsylvania, to be held Sunday, Feb. 18, in Sharon.

At the conference, the local auxiliary will have the honor of conducting the initiation ceremonies.

During the meeting a check was sent to the Greater New Castle Association Fund Drive, and the American Heart Association Fund.

On February 14, the Academy of Friendship will have a valentine party at the home of Mrs. Orpha McConnell, 705 County Line street. After the regular business meeting which will be presided over by Mrs. Clara Hawk, there will be a drill practice for the officers, guards and chairladies, in preparation for the Sharon conference. Assisting Mrs. McConnell as aids for the evening will be Mrs. Alice Clark, Mrs. Mary Perry, and Mrs. Mabel Schell.

The president, Mrs. Doerr, has called a special meeting for this evening, with all members of the Academy of Friendship and the Women of the Moose to attend promptly at 7:30.

The next regular meeting of the Women of the Moose will be held Wednesday, Feb. 21.

### DIDN'T FOLLOW SCRIPT

NEW YORK, Feb. 9.—(INS)—One of the guest stars on Arlene Francis' "Blind Date" television program didn't follow the script last night and today the actress is nursing a sore middle finger. "Bonzo," Hollywood chimp in "Bonzo," a forthcoming movie, took a playful nibble at Miss Francis' finger when she bent over to shake hands with the chimp.

Miss Francis laughed off the incident and continued the TV show but afterwards she was treated at Lenox Hill hospital.

### Four Persons Are Killed Near Warren

WARREN, O., Feb. 9.—Four persons, three of them members of the same family, were killed Thursday morning and another was critically injured when their jeep station wagon was struck by an Erie freight train at Phalanx Station, six miles west of here.

Dead are: George Seger, 41;

his son, Theodore, 8; his daughter, Cheryl, 6; and Mrs. Margaret Hudson, 36, all of Phalanx Station.

Mrs. Hudson's son, Harold, 12, is in critical condition at St. Joseph's hospital here suffering from a fractured skull and lacerations.

### New 1951 Chrysler Arrives In City

Chamber Motor Co., 125 West Grant street, will unveil the 1951 Chrysler in their show rooms, Saturday, February 10, to the motorizing public which has anxiously awaited the first glimpse of this sheer new design in travel pleasure.

Headed by a new 180 horsepower V-8 "firepower" engine, the most powerful passenger car powerplant manufactured in the industry, 73 major engineering advances are incorporated in the 1951 line it was announced today by the Chrysler Division of the Chrysler Corporation.

Supplementing the mechanical improvements, the new Chrysler line has been completely restyled, inside and out, with each model given individual distinctiveness. Exterior styling includes a new wide, sloping hood that helps increase driver visibility; new front fenders; new front and rear ornamentation; new front and rear fender moldings; and a new belt molding that completely encircles the car. The new wrap-around "Clear-bac" window is now used on all models, resulting in an increase of 201.7 square inches, or 30 per cent, in rear window area, as compared to 1950 models which did not have this feature. Interior styling includes im-

provements in upholstery, trim, and accessories with an unusually wide choice of luxurious models.

"Fluid-Matic Drive," a combination of Chrysler's famous fluid drive and the improved M-6 transmission, will be standard on all 1951 models powered by the V-8 engine save the Imperial eight passenger sedan.

**Former Resident Shows Improvement**

Word has been received here that Mrs. Sarah Kissinger, of 136 Temple street, Aliquippa, former well known resident here, is showing improvement after being con-

fined to her bed for three weeks, following injuries suffered when she fell down stairs at the home of her granddaughter, Mrs. Thelma Lewis.

Mrs. Kissinger, who fell January 14, was badly shaken up but fortunately had no bones broken.

Since her confinement she has received an avalanche of cards from her friends who read of her accident in The News. She expects to be back on her feet soon.

## Hoover To Make Speech Tonight

NEW YORK, Feb. 9.—(INS)—Former President Herbert Hoover who will address the nation tonight in what he calls "the speech of my life" said today "there is no such war hysteria in Europe as there is in the United States."

Mr. Hoover said in a pre-speech statement:

"The European governments have made no declarations of emergency and their citizens have organized no propaganda committees of alarm."

"The American people and their Congress should not be hurried into decisions which will affect American life for the next hundred years without ample consideration and discussion." He added: "I am joining again in this debate tonight to bring up to date an analysis of the world situation and our foreign policy."

The former president's announced subject, "We should revise our foreign policies" will thus be a continuation and expansion of his major address of Dec. 20.

Tonight's speech will be broadcast from 9 to 9:30 p. m. (EST) by the Mutual Broadcasting System.

## Charges Military May Have Control Of U.S. Colleges

WASHINGTON, Feb. 9.—(INS)—A Senate armed services committee charged today that the military will have "life and death control" over the nation's colleges under the proposed manpower program.

Sen. Flanders (R) Vt., said he is so concerned over this threat that he may offer an amendment to the draft bill to abolish Reserve Officers Training Corps (ROTC) in colleges.

Meanwhile, the Senate preparedness subcommittee expects

to recall Defense Secretary Marshall for a closed door hearing late today in an attempt to settle a row between the military and the national guard over 18-year-olds.

Other witnesses scheduled to appear are Maj. Gen. Milton A. Rockford, of the National Guard Association, and Brig. Gen. Arthur Evans, of the Reserve Officers Association.

The national guard wants Congress to continue its authority to enroll youths from 18 to 18½ years, who would then be exempt from the draft. The Defense Department wants to drop this provision.

Flanders said he is more concerned about the future of the nation's colleges if Congress votes to draft 18-year-olds. He explained: "Colleges which get ROTC units will have their future assured. Those which do not may have to close up. The military, which decides where ROTC units shall be placed, should not have this life and death control over our colleges."

BOSTON, Feb. 9.—(INS)—President James Bryant Conant of Harvard university believes the danger of Russian troops "marching to the English channel is relatively slight" as long as the U. S. Strategic Air Force is in a commanding position.

He said, however, in a nationwide radio broadcast that in a few years "the handful of men who rule Russia may decide the power of our strategic Air Force has been largely cancelled out," and on that fact hinges the danger of a third global war.

Dr. Conant said the United States, to meet such eventuality, must maintain superiority in the quality of weapons for a generation and must strengthen the defense.

fenses of Europe in terms of armies to stop an advance. He also renewed his plea for universal military service and training for 18-year-olds.

Dr. Conant pointed to the mounting military power of the Soviet Union and Russia's "readiness and willingness to gain their ends by force of arms," and called for strengthening of the defense of Europe "in terms not of a deterrent strike against Russian cities but in terms of armies to stop an advance."

He declared that should Russia move its troops toward the Atlantic ocean tomorrow, Europe would be conquered, but Russian industrial centers would be destroyed from the air. As Russia gains in military strength, the educator said, the only deterrent would be European armies to counteract its hordes—"only then can we achieve a true global stalemate."

## BPW Club Presents Annual Fashion Show Thursday

"Fashion Is Color" was the two-piece dresses, blouses and skirts. Street dresses featured those of prints and checks.

The triangle look of the new pyramid coat is a new note in spring fashions. The new coats, which are full in the back, come in all lengths, some having the push-up sleeves and round shawl collar. Suits for the junior miss featured the four-piece style which may be worn ten different ways. In the dressy sportswear group the boxy suit, the coat dress and the wool knit dress were shown. The bolera suit was also shown. The arched hipline and stem-line skirts accentuate the new suits. The three-piece suit is popular because it is so practical.

Dressy afternoon dresses of plain and printed materials were featured in the one-piece and two-piece styles. One of the print dresses was topped with a velvet flyaway shortie, one of the latest spring styles. Cape stoles of fur are important for the coming season.

The models wore hats of straw and felt in the sailor, derby, roller-brim, off-the-face, cap, pill box, cloche and bonnet modes. Handbags of nylon, straw, calf and faile were carried by the models.

Devotionals were in charge of Mrs. Lela Jackson. The national topic was presented by Mrs. C. L. Repman and the foreign theme was discussed by Mrs. J. D. Shetlar.

Routine business was transacted. At the close of an informal social period a delicious lunch was served by the hostesses.

Mrs. Bruce Headland, Miss Shirley Cartwright, Miss Lena Donofrio and Miss Dorothy Beckwith were ushers for the evening. Door prizes were awarded Mrs. Howard E. Lightner, Miss Jane

Meyer, Mrs. Benjamin Fenati and Mrs. Lester P. Hauschild.

Miss Mary Bigley, Miss Virginia Pierson and Miss Ruth Cleveland were responsible for arrangements.

During the evening moving pictures were taken of the style show.

## Restrictions On Drafting Of 18 Year Olds Seen

WASHINGTON, Feb. 9—(INS)—The Senate Preparedness subcommittee is expected today to override Defense Secretary Marshall and write restrictions into the 18-year-old draft bill.

Marshall told the subcommittee at a closed hearing late Thursday that he opposes compromises on the Defense Department's request for a draft starting at 18.

Restrictions considered most likely to be approved by the subcommittee are:

1. Drafting of 18-year-olds starting with youths aged 18 years and 11 months and moving back to men just reaching their birthday, if necessary.

2. Exhaustion of the 19-through-25-year age group, possibly through a lowering of physical and mental standards, before the younger men are called.

3. A 24 or 26-month period of service for draftees, rather than the 27 months requested by Marshall.

4. Release of perhaps 75,000 draftees especially qualified so that they could go to college after four months of training.

American Ceramic society. The meeting will be held Tuesday evening, Feb. 13, in the Mellon Institute auditorium, Pittsburgh, at 8:15 p.m. A dinner preceding the program will be served at 8:15 p.m. in the Royal York hotel.

### State Police Say:

Let's take a look at this "unavoidable accident" business. How many accidents really are unavoidable? We know that accidents result when drivers are careless about when and where they pass; that speed is a contributing factor in a majority of accidents, and that driving too

fast for prevailing conditions is, and has been, the prime fly in the safety ointment. These, then, just to mention a few, are the tangibles which are reflected as the major causes of traffic accidents. But the intangibles of "why" is most important. Why was the driver speeding? Why did he attempt to pass when there was not sufficient clear

distance ahead? Why was he driving over the center line of the pavement? Was the CAUSE of the accident unavoidable? "Unavoidable only after the chain of circumstances which terminate in the collision are set in motion by the driver himself."

# Taft Demands Limit On Sending Troops To Europe

By WILLIAM THEIS  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 9.—Senate GOP Leader Taft demanded on Thursday that President Truman be limited to sending only one American division of troops to Europe for each nine divisions put up by other North Atlantic powers.

The Ohio Republican, in his second Senate Foreign policy speech, charged that the program laid down by Gen. Eisenhowe for defending Europe is "secret diplomacy with a vengeance."

Taft told the Senate that the European supreme commander's recent report to Congress "only makes this whole plan more hazy and indefinite and uncertain in outline than it was before his return."

The GOP leader announced he will support the resolution by Sen. Wherry (R) Neb., requiring Congressional consent to send troops and an amendment declaring no "troops to Europe" plan will be valid unless approved by Congress.

## Suggestions Made

Taft "suggested" the following: 1. The American troop contribution be "not more than one American division to nine foreign divisions—that is five American divisions to an army of 50"—as and when the other countries "bind themselves" to do their share.

2. Not more than 20 per cent of the U. S. land army and not more than 10 per cent of its air force be stationed in Europe "in time of peace."

Taft reiterated his support for resisting Communist aggression but said there is "no reason whatever for panic or defeatism." He declared:

"We will support them (Europeans) by sea and by air, and I would agree to sending some troops to prove to them we do intend to fight at their side if Russia attacks."

"Even the program which I outline will require tremendous sacrifices from the American people . . . we should not further endanger the position of America as the arsenal of democracy and the bastion of liberty."

## Youth Writes Letters Pretending To Be Girl; Now Writes From Jail

INDIANAPOLIS, Ind., Feb. 9.—(INS)—Kenneth L. Robbins, who pretended to be "a nice girl from Terra Haute" in "Dear Honey," love letters to a male friend, will do all his letter-writing from the penitentiary for the next year.

Robbins, 30, began a 366-day term yesterday for extorting more than \$300 from his friend and fellow-townsman, Charles Wallace of Frankfort, Ind., in the mail "afar."

He said he wrote the letters—signed "Betty Forger"—as a joke, but neither Wallace nor U. S. postal authorities in Indianapolis appreciated his humor.

The correspondence began after Robbins showed Wallace a picture of a young woman he described as "a nice girl from Terra Haute" and offered to see that the two became acquainted by mail.

Soon "Betty" began asking Wallace for "loans" to help out until she got a \$10,000 inheritance.

Wallace said every time he wrote suggesting a meeting with "Betty" in Terra Haute, "she" replied it was not convenient for her.

### PENNSYLVANIA HOUSING AND REDEVELOPMENT PROGRAM OFFICIAL PROPOSAL INVITING BIDS FOR SUBSIDIZED HOUSING

State-subsidized Housing Project No. 11, New Castle

The Commonwealth of Pennsylvania, acting through the State Planning Board of the Department of Commerce, will receive sealed bids for the construction and operation of State-subsidized Housing Project No. 11, hereinafter called the "Project," located in or near the City of New Castle, County of Lawrence, Pennsylvania, until two o'clock p. m., Eastern Standard Time, on the 21st day of February, 1951, at the offices of the State Planning Board, Department of Commerce, Room 129, State Capitol, Harrisburg, Pennsylvania, at which time all bids will be publicly opened and read aloud.

This Project shall consist of 50 dwelling units, with sizes as follows:

3 one-bedroom units  
35 two-bedroom units  
12 three-bedroom units

Type of Construction:  
Two-story apartment buildings with common entrance, masonry.

General specifications for this project may be obtained from the State Planning Board. Design, construction details and planning must conform to SPP Bulletin HB-4, "Design Requirements and Construction Standards for State Housing Program."

To facilitate architectural drawings, a deviation of not more than one unit in total number of dwelling units as indicated above will be permitted in the bid. Distribution by size as indicated above may be modified by the substitution of larger units for units having a lower number of bedrooms. Information as to the proposed bidder, as well as site plans, plans and specifications must be submitted to the Board not later than February 16, 1951. Approval of site, site plans, construction plans and specifications must be secured from the Board prior to the submission of a bid.

The bids shall be based upon the construction of the Project in accordance with the plans and specifications submitted to and approved by the Board.

Bids shall also be based upon operation and maintenance of the Project for a period of twenty-eight years, to be computed from the date of execution of the contract between the bidder, in accordance with the requirements established in SPP Bulletin HB-3, "Minimum Operation Standards for State Housing Program."

The maximum allocation of State funds available for the Project is \$151,230.00, but the State subsidy will not exceed the estimated preconstruction cost of the Project. The estimate being submitted in the bid for the bid and shall in no event exceed 35% of the actual preconstruction cost of the Project as finally ascertained by the Board.

The award will be made to the qualified bidder who stipulates the lowest average net rental price among all bidders, taking into consideration the functional and other factors of the project, construction and location, provided that, in the opinion of the State Planning Board, the net rentals proposed and the amount of State subsidy per housing unit required are in accord with the objective and requirements of the program. The Commonwealth of Pennsylvania, acting through the State Planning Board of the Department of Commerce, retains the right to reject any or all bids and to waive any of its procedural requirements. The bid accepted by the Board must be ratified by the Governor before a contract can be entered into with the successful bidder.

Bids shall be submitted on SPP Form H-1, "Housing Construction and Operation Bid" or on SPP Form H-7C, "Housing Construction and Operation Bid," (Form to be used by Housing Authorities) and, when submitted by a private Builder-operator, must be accompanied by a bid security in the amount of 5% of the estimated preconstruction cost outlined in SPP Bulletin HB-2, "Bidding and Contractual Procedures," as revised January 17, 1950. So that the Commonwealth may be assured as to the soundness of the proposed financing of the Project and the feasibility of operation under the proposed terms, bids shall be accompanied by SPP Form H-4, "Financial Analysis of Rental Housing Projects" and H-19, "Estimated Preoccupancy Cost."

The successful bidder will be required to execute a contract with the Commonwealth of Pennsylvania, acting through the State Planning Board or the Department of Commerce, concerning participation in administration of the proposed project and method of payment of the grant. (Sample contracts in blank form may be obtained from the State Planning Board.)

The successful bidder (if a private Builder-operator) will, in addition, be required to form a corporation to operate under the laws of Pennsylvania and to furnish performance and payment bonds, on the forms provided by the Board, and in an amount equal to 10% of the estimated preoccupancy cost of the Project, as set forth in SPP Bulletin HB-3, "Participation of Private Builder-operators in State Housing Program," as revised January 17, 1950.

### LETTERS TO THE NEWS

(Letters intended for this column must be signed with name and address of writer.)

#### GIVES HIS IDEAS

Indian River City, Fla.,  
February 6, 1951.  
Editor, The News,  
New Castle, Pa.

While Mrs. Boak and I are enjoying the Florida sunshine, we always look forward to receiving the New Castle News and read it thoroughly each day.

We were delighted to read that which we already knew—that in a few months our commissioners would pay off the last of our county's bonded indebtedness. This is gratifying, to be free of debt, especially when so many municipalities are so heavily indebted.

Our board of County Commissioners and its predecessors are to be congratulated.

We are glad that the new Detention Home will soon be ready for use. No doubt some of the expenditures of the home look quite large to us who can remember when \$1 was worth one hundred cents but we must remember a dollar does not go as far as when George Washington threw a dollar across the Rappahannock.

In reading the proposed budget I notice that a footnote states that possibly one or two would read it. This should not be the case as the commissioners have asked the public to read it and if we do not and fail to express our opinion before

it is adopted we have no right to complain about its fulfillment.

There is an item that I think deserves very careful consideration. I notice that in the budget it is not covered up but that especial attention is called to it, that this is something new. I refer to an item of \$10,000 to establish a child welfare agency.

In comparing the child welfare of Lawrence County with that of a neighboring county I am of the opinion this is an unnecessary expense. I am of the opinion that our government agencies have become top-heavy with bureaus and agencies.

It was my privilege, or rather a duty, to sit in some of the meetings in Harrisburg when our present relief program was under consideration. I remember very plainly one statement made on the floor, "This program will not be popular with the taxpayers but it is not the taxpayers we are interested in." I wonder who this speaker was interested in when speaking under the guise of being interested in the poor?

A few weeks ago an official of a neighboring county told me of a representative of the county re-

lief board coming into his office and inquiring if he knew of some one in a certain township who they could get on or who needed relief. It seems to me that such boards' duty is to keep the relief load from becoming top-heavy and to encourage people to be self supporting rather than wards of the county.

We can recall many examples of those who are on relief refusing opportunities to become self-supporting.

Now I do not doubt the sincerity or good intention of those who advocate a child welfare agency and the expenditure of \$10,000, which in a short time will no doubt mount to \$40,000 or \$50,000 or more. I join with those in a desire to do the best we can for the unfortunate child and those who are underprivileged and if such an agency and expenditure is a good investment, I favor it. But as yet, I am from Missouri, which I think is a good place to be FROM, but still a resident of Lawrence County, the best in the world. Let's make it better.

Respectfully yours,  
J. AUDLEY BOAK

### Harvard Lampoon's

## Effort Fails To Bring Argument

HOLLYWOOD, Feb. 9.—(INS)

The Harvard Lampoon's selection of Elizabeth Taylor for four of the movie "worsts of 1950" failed to bring an argument from the brattish beauty.

Violet-eyed Liz tossed her pretty locks and declined to make a statement when asked for her re-

action to the university humor magazine's selection.

The Lampoon held the young Hollywood star to be one of the two "most objectionable movie children," "the most objectionable ingenue," responsible for one of the two "worst performances of the year," and placed her last for her performance in "The Conspirators," rated one of the 10 worst movies of the last year.

Luscious Liz, asked to serve as Harvard's honorary football captain last year, was in the M-G-M fitting room when informed of the Lampoon's selections.

She turned her pretty face to

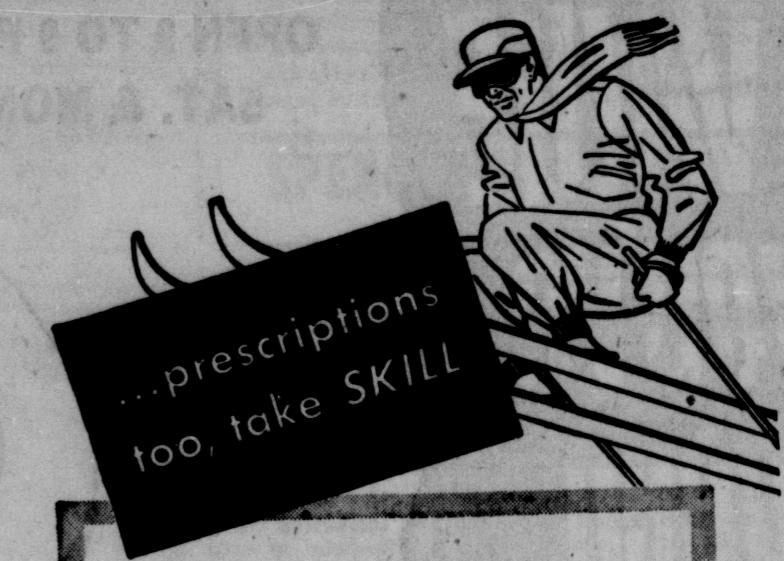

ward a battery of press agents, flashed the famous Taylor smile and murmured, "no comment."

### South New Castle Boro Council Meets

# Titans Even Up Score With Duquesne, Win 75-66

## Pat King Leads Westminster Men In Victory Over Slipping Hilltoppers

Westminster's revenge minded Titans defeated the Duquesne Dukes 75-66 last night in a thrill-packed game at Farrell.

Sparked by red-headed Pat King who sank 24 points, the Titans thus avenged an early season one point loss to the Dukes in a much disputed game at the Gardens in December.

### Titans Pull Away

The game was close for only two quarters, with the lead changing 12 times in the first half.

Duquesne held its greatest margin 17-13 midway in the first half. Westminster came back strong in the closing minutes with Johnny Abraham and Pat King spearheading the drive to give the Titans a 38-32 lead at halftime intermission.

### Titans Pile Up Points

In the third period the Titans broke the contest wide open by scoring 18 points while holding the Dukes to seven marks.

Westminster built up a 20 point, 59-39, margin with 10 minutes to go and after that were never in too much trouble.

The Dukes attempted to come back in the final foul-studded period and whittled the Titan lead to nine points with five minutes to go, but were never able to get closer to the Westminster quintet.

In the final period 31 foul shots were taken by the two teams—Westminster picked up 13 points and Duquesne 11 at the free throw line in that period alone.

The Dukes outscored Westminster from the field, 25-23, but the Titans sank 29 of 37 foul shots to Duquesne's 16 to 24 to make the difference in the contest.

### Rough Final Quarter

Four Duquesne starters were tossed out in the rough final quarter and two Titan starters went out the same way.

Don Meyers was close behind

King with 18 points for Westminster and Ed Halas had 15.
High point man for Duquesne was Cerra with 12 points.
<b>Hyder Defensive Star</b>
Jerry Hyder, Titan guard turned in one of his best defensive games of his career, limiting high scoring Carl Pacacha to seven points.
The victory was Westminster's 14th of the season against four losses and was Duquesne's sixth loss of the year and their fourth loss in succession. The Dukes have won 13 games.

## Optimist Floor Tourney March 5

Optimist club annual floor tournament at George Washington Junior High has been postponed until the week of March 5, it is announced by John Tillia, general chairman.

Managers should get their entries in at once, however, Mr. Tillia reports, since the number of entries may be cut down to 12, because of one less night to use the floor.

## New Castle High Floormen Play At Aliquippa Tonight

### Indians Have Fine Record

#### Canes Underdogs In Loop Battle

New Castle high's floormen (10-7) travel to Aliquippa tonight to play the successful Aliquippa Indians (16-1) in a Section III contest.

The Quips, pressing Farrell all the way, won what it will be considered, one of their two big games in this, the second half of league play, when they stopped the dangerous Sharon Tigers on the Sharon floor. Aliquippa is the proud owner of seven league meetings. The Indians dropped one at Farrell.

The Stegas, 27 of 28 games in the city league, plus five play-off victories. Among their many non-league victories were ones over the Pittsburgh Ralphs and Youngstown General Fireproofing, two of the district's top teams.

#### Eight Game Total

In eight league games to date, the valley team has tallied 408 points while limiting the opposition to 331. New Castle, in seven games has totaled 402 points and the enemy 460.

The Quips winning ways can be traced to their remarkable rebound play. Sam Milanovich, with their sweeping board work at Sharon, managed 87 field goal attempts, and earlier in the season averaged close to 70 tries per game. Aliquippa and Ambridge boast the tallest teams in the league.

Lou Horvath and Frank Hribar stand 6'2", Dom Stala 6'1", Rich Billingsley 5'11", and Milan Markovich 5'10". Len Popps, first half mainstay has been declared ineligible.

**Will Start Same Team**

Coach John Milanovich will

play Ray Latko 6'1", Paul Bucker 6'3", John McKay 5'10", Jim Sansone 5'10", and either Conrad Palumbo 6'1", Dick Pia 6'1" or Bill Boak.

Boak has been bothered by a shoulder injury and may not start. John Sansone should break 100 tonight, having totaled 99 thus far. Dom Stala leads the Quips in scoring with 88 points.

New Castle in league play to date, has defeated Beaver Falls twice, Ambridge and Ellwood, and has dropped two to Farrell, and one each to Ambridge, Sharon, and Aliquippa.

**Furillo Signs Dodger Contract**

NEW YORK, Feb. 9.—(INS)—The signing of Carl Furillo left the Brooklyn Dodgers with only three unsigned regulars for 1951 today.

### Banquet Saturday Honoring Softball Champions Of City

Stegmaiers softball team, 1950 City Softball League champions, will hold their annual banquet Saturday night, February 10, at 7 o'clock at a local dining room.

Guest speakers will be Judge John G. Lamoree, Alderman B. J. Biondi, and a representative of the sponsor of the team.

Members of the 1950 squad include:

Jimmy Valentino, manager, Sam Mooney, Roger Maggie, Tony Tuscano, John DeJoseph, Jim Paluso, Deno Lelli, Bob Miller, Paul DeVito, PeeWee Naples, Tex Kelley, Ralph Nuzzo, Crowe DeGennaro, Chuck Farris, Rudy Moraldi, Al Moraldi, Lucky Ward and Jack McGaffie.

The Stegas won 27 of 28 games in the city league, plus five play-off victories. Among their many non-league victories were ones over the Pittsburgh Ralphs and Youngstown General Fireproofing, two of the district's top teams.

### Mounties Play Union Tonight

#### Bessemer, Wampum Play Home Games

Mt. Jackson plays at Union, Shenango at Bessemer and East Brook at Wampum tonight for basketball games in Section 23.

Both Bessemer and Wampum are favored to keep moving along at the top of the section when they entertain on their home floors to-night. A loss for either team would hurt its flag chances.

Bessemer faces a pretty tough task when it takes on the up-and-down Shenango Wildcats. Shenango pushed the Cementers all the way to the wire earlier in the season before bowing 47-45.

Wampum is not expected to have as much trouble with East Brook, but the Eagles can be dangerous if they start hitting and could make a game of it.

In a non-league game New Wilmington entertains the Fredonia Vocals, leaders of the Mercer County Class C League. Earlier in the season Fredonia defeated the Greyhounds 55-29. Charlie Craig, who suffered a sprained ankle several weeks ago, is back in action again for the Vocals.

Hank Greenberg 'Cracks' Down

No Indians In Camp Until They Sign

CLEVELAND, Feb. 9.—(INS)—Cleveland Indian players can either sign their contracts or stay home this spring.

Tribe General Manager Hank Greenberg says players will no longer be admitted to training camp unless they have agreed to salary terms.

"We feel it's not a good policy for the players as well as for ourselves," Greenberg says. "It's not that we want to crack down on holdouts."

The Cleveland club had never permitted holdouts to enter spring drills until Bill Veeck set a precedent by allowing Bob Lemon, Joe Gordon and Gene Bearden to negotiate while in training in 1949.

"It's not a good way to do business even though the player does not lose any training time. I don't know of any other club that allows it," he added.

# Layne-Brion Fight Tonight

Win For Layne  
Means Big Bout

NEW YORK, Feb. 9.—(INS)—The future stars of young Rex Layne in the heavyweight picture becomes clearer tonight when he faces Argentina's Cesario Brion in a ten-round feature bout at Madison Square Garden.

Layne, a 22-year-old ex-paratrooper from Lewiston, Utah, who has been billed as a latter-day Jack Dempsey, looked impressive last November in scoring an upset decision over aged Joe Walcott.

His overall record shows 27 wins, including 20 knockouts and two draws, in 30 professional fights.

Brion, who is 23-years-old, has been beaten only four times in 36

bouts. He lost a ten-round decision to Joe Louis last Nov. 28.

The International Boxing club anticipates a crowd of about 7,000 and a gate of \$30,000.

## Lew Jenkins Exonerated

COLORADO SPRINGS, Colo., Feb. 9.—(INS)—Former World Lightweight Boxing Champion Lew Jenkins, 34, has been cleared in the traffic death of a Camp Carson military policeman in Colorado Springs, but now faces a \$50,000 damage suit.

The former champ, now a sergeant first class at Camp Carson, was held blameless by a coroner's jury yesterday.

The car Jenkins was driving Sunday night struck and killed MP Cpl. David L. Dexter, who was manning a road block near the camp.

Dexter's widow filed the \$50,000 damage suit yesterday, in Colorado Springs.

## Local Man Will Receive Bronze Star After Six Years

Uncle Sam's mills may grind slowly, but they produce eventually, a local former GI learns in a letter he has just received from the War department.

George T. Hamilton of 1010 North Beaver street, manager of the Autenreith store, earned a bronze star for meritorious action in ground operations while serving in Germany, April 1, 1945, nearly six years ago, during World War II. The citation, almost a forgotten incident, was never officially made to the former soldier who has long since been in civilian life with army garb stored away in mothballs.

Thursday, former T/5 Hamilton received a letter from the War department with a certificate enclosed officially giving him the citation and stating that the bronze star was en route to New Castle. Hamilton entered service in 1944.

Although patiently waiting for nearly six years for the award, Mr. Hamilton will be glad to receive it and will place it among his many other souvenirs of World War II.

## Musicians' Union To Have Assembly

American Federation of Musicians, Local No. 27, will assemble in the Lawrence County Central Labor and Union hall, 302½ East Washington street, Sunday at 2 p.m., when new members will be received into the union.

Plans will also be made to send delegates to the Penn-Ohiio local's conference in Sharon on Sunday, February 18.

**MEMORIAL PLANNED**  
Local friends of the late Mrs. Lewis Weinberg of Weirton, W.Va., will be interested to learn that the Beth Israel Sisterhood of Weirton is planning a memorial in her memory. As the memorial, the sisterhood is planning to enlarge the Sunday school and modernize the kitchen.
